REQUEST FOR CORRECTED FILING RECEIPT

Assistant Commissioner for Patents
Washington, D.C. 20231

S I R :

Applicants enclose herewith a copy of the Official Filing Receipt issued by the United States Patent and Trademark Office and a marked-up version with the corrections indicated in red ink. Specifically, the continuing data as claimed by Applicants is incomplete on the Filing Receipt. The continuing data recited on the Official Filing Receipt should reflect the priority under 35 U.S.C. § 120 claimed by Applicants in the executed Declarations and Powers of Attorney filed on June 1, 2000 in response to the Notice To File Missing Parts of Nonprovisional Application. Specifically, the continuing data as claimed by Applicants should recite that the above-identified application is a continuation-in-part of U.S. application Serial No. 09/454,824, filed December 6, 1999, which is a continuation-in-part of U.S. application Serial No. 09/345,648, filed June 30, 1999.

Applicants respectfully request that the United States Patent and Trademark Office correct its records and issue a corrected Filing Receipt with the complete continuing data claimed by Applicants.

Applicants further request that the corrected Filing Receipt reflects the amended inventorship in view of the Petition to Amend Inventorship Under 37 C.F.R. § 1.48(b) submitted concurrently herewith. In particular, Applicants request that the corrected Filing Receipt reflect the removal of Martine Jandrot-Perrus and William Vainchencker as co-inventors of the present application, thereby naming only Samantha J. Busfield and Jean-Luc Villeval as inventors.

It is estimated that no fee is required for correction of the Filing Receipt. However, if any fee is required, authorization is hereby given to charge the amount of any such fee to Pennie & Edmonds LLP Deposit Account No. 16-1150. A copy of this sheet is enclosed for accounting purposes.

Respectfully submitted,

Date September 26, 2002

Date: 04/05/2000

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 36 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).

PLEASE NOTE the following information about the Filing Receipt:

- The articles such as "a," "an" and "the" are not included as the first words in the title of an application. They are considered to be unnecessary to the understanding of the title.
- The words "new," "improved," "improvements in" or "relating to" are not included as first words in the title of an application because a patent application, by nature, is a new idea or improvement.
- The title may be truncated if it consists of more than 600 characters (letters and spaces combined).
- The docket number allows a maximum of 25 characters.
- If your application was submitted under 37 CFR 1.10, your filing date should be the "date in" found on the Express Mail label. If there is a discrepancy, you should submit a request for a corrected Filing Receipt along with a copy of the Express Mail label showing the "date in."

Any corrections that may need to be done to your Filing Receipt should be directed to:
